Ms. Sherry J. Yarbrough, CIT, Executive Director  
San Diego ABC Apprenticeship Training Trust

Dear Ms. Yarbrough,

It was truly an amazing experience participating in this years NAWIC CAD Drafting Competition. I would like to thank you for giving me the honor of winning first place at the regional level, and third place at state level. With the help of this financial aid, my dream of being the first in my family to go to college is now becoming a reality.

Ever since I was little, my parents always encouraged me to always apply myself at anything I did; to always go above and beyond. Soon after, when I started school, it became a goal of mine to one day attend college. Now, 12 years later, I can proudly say that I have achieved this goal.

But the transition from high school to college has not been easy, many obstacles have come up along the way. One such obstacle has been finding the resources necessary to finance such an education. Fortunately, I have had the help of scholarships such as this one who help me with this important component of college.

Again, thank you on behalf of my family and I who would otherwise have a hard time making ends meet in these tough economic times. Your help and support sets the foundation for my future education!

Sincerely,

Enrique Chavez
